"Alice Blue provides comprehensive online trading and investment services across major Indian financial markets. Its offerings include equity trading in cash and derivatives (F&O), commodity trading, and currency trading on exchanges like NSE, BSE, and MCX. The platform supports investors and traders with low-cost brokerage plans designed for active trading.

In addition to trading, Alice Blue offers free investing services in mutual funds and IPOs, enabling users to build long-term portfolios without commission charges. Clients can open Demat and trading accounts digitally and manage their investments through user-friendly web and mobile trading platforms equipped with real-time market data, advanced charting tools, and order execution features.

Alice Blue also provides API-based trading solutions for algo traders and developers, along with research tools, market insights, and risk management features to help users make informed investment decisions."
