Established in 1974, Amba Shakti Steels is a trusted name among leading TMT bars manufacturers in India, delivering high-performance steel built on innovation and sustainability. Our Amba Shakti Tricore TMT bars are manufactured using advanced automated quality-control systems, ensuring superior strength, ductility, and consistency for infrastructure projects. With a strong focus on Green Steel, Amba Shakti Steel operates using responsibly sourced scrap, energy-efficient furnaces, and renewable power. Amba Shakti Steels supports India's infrastructure with high-quality Amba Shakti TMT solutions. Backed by technical excellence and eco-responsibility, we deliver reliable products to strengthen our Pan-India leadership in Green Steel.
