Atlas Metal is an establishment with 25 years of excellence and commitment in the Indian Metal products market with a stronghold in the national and international markets. It holds the modern and latest manufacturing technology machinery unit at Jamnagar (Gujarat). Our team leaves no stone unturned to meet the increasing needs of the customer. Conceived way back in 1996, Atlas Metal Industries began by manufacturing brass electrical wiring & earthing accessories with the brand name 'ATCAB'. It holds a highly reputed position as one of the leading manufacturing and exporting companies in this large Industry.

Carrying the culture forward, Atlas Group launched the brand 'ATFIT' derived from Fittings – of [brass components manufacturer in jamnagar](#). We offer products in a variety of metals like Brass, Zinc, Stainless Steel, ss cable, copper earthing plate, etc. and also we make customized products exactly by the specification of the customer and keep the desire to provide the best quality which satisfies the customer's expectations at a competitive price.
