Barry John Acting Studio (BJAS) is one of the best acting schools in India. Backed by institutional infrastructure, studio facilities, and highly experienced faculty members, we have been moulding aspiring actors for more than 20 years. At BJAS, we offer certificate & diploma courses in acting and filmmaking. In addition, we offer workshops at weekends to facilitate aspiring candidates to have a quick idea about acting and filmmaking. With focus on practical instructions, support in finding acting jobs, flexible course fees, and student friendly behaviour, we are the first choice for many youths with a dream of being successful actors.
