I'm Chetan, a seasoned [Digital Marketing Freelancer](#) with extensive experience and a proven track record of over 260 successful digital marketing projects, both locally and internationally.

I specialize in crafting tailored digital marketing solutions for small and medium-sized businesses, particularly startups. My expertise spans Google Ads, Search Engine Optimization (SEO), Facebook & Instagram Ads, Branding, and more.

With a strong background in multinational marketing, I bring focused, results-driven strategies that many large agencies often overlook. By working directly with clients, I ensure a personalized approach to help your business grow, increase visibility, and achieve measurable success in the digital marketing space.
