Dr. Rakesh Kumawat is a leading Interventional Radiologist in Jaipur, specializing in advanced, minimally invasive, image-guided treatments for vascular diseases, chronic pain, and non-surgical medical conditions. With extensive training in Interventional Radiology and Pain Management, he offers modern treatment solutions that help patients recover faster with less pain, smaller incisions, and shorter hospital stays.

His expertise includes Varicose Vein Laser Treatment (EVLA), Genicular Artery Embolization (GAE) for knee osteoarthritis, Genicular Nerve Block, Prostate Artery Embolization (PAE), Uterine Fibroid Embolization (UFE), Thyroid Artery Embolization, Peripheral Artery Disease (PAD) treatment, Deep Vein Thrombosis (DVT) management, Varicocele Embolization, image-guided biopsies, tumor ablation, angiography, and several other advanced interventional procedures. Every treatment is

designed to provide safe, effective, and minimally invasive care while minimizing recovery time.

At VascuCare Diagnostics & Interventions, Dr. Rakesh Kumawat combines cutting-edge imaging technology with personalized patient care to deliver accurate diagnosis and highly precise treatments. His patient-first approach, commitment to medical excellence, and focus on non-surgical solutions have made him one of the trusted names in Interventional Radiology and Pain Management in Jaipur.

Whether you are seeking treatment for varicose veins, knee pain, vascular disorders, chronic pain, or specialized image-guided procedures, Dr. Rakesh Kumawat provides comprehensive care using internationally accepted minimally invasive techniques, helping patients return to their normal lives with confidence and improved quality of life.
