Drimo is a next-generation ride management platform powered by Indian Drivers, a trusted name in driver services for over 16 years. We connect individuals and businesses with a vast network of verified and professional drivers across India, currently serving Mumbai, Pune, and Bengaluru, with plans for further expansion.

Through our user-friendly app, we offer a comprehensive range of services, including on-demand drivers for immediate needs, monthly drivers for regular commutes, professional chauffeurs for special occasions, reliable corporate driver solutions, and convenient cab rentals with a driver.

More than just a technology platform, Drimo is committed to creating dignified employment opportunities for drivers and promoting responsible commuting by prioritizing safety, sustainability, and service excellence in urban mobility.
