"In 2012, the Elysium Group of Companies founded Elysium Academy Private Limited. An extensive range of International Certification Computer courses are available at the Madurai Technology Hub Training Center. We use a worldwide platform to advertise Indian students. With the help of our specialized courses, students can become employable and realize their professional goals. With our Academy in Madurai, we have an amazing success rate of over 7000 students becoming Certified Ethical Hackers, CCNP Network Professionals, and MCSE Solutions Experts. We also boast partnerships with more than 200 institutions and more than 75 corporations. With global tech heavyweights like Python, Cisco, Oracle, Microsoft, CompTIA, and AWS, we are proud to have academic partnerships with them."
