Enanti Labs is a fast growing Indian pharmaceutical company founded by young and dynamic entrepreneur team with an objective of providing the best quality products at affordable prices.

Our company was established in 2007. We have started our R&D facility from day one in Hyderabad. We have a state-of-the-art manufacturing facility in JNPC (Jawaharlal Nehru Pharma City), Parawada, Visakhapatnam, Andhra Pradesh. We are a bulk drug and intermediates manufacturing company. We have an excellent track record in manufacturing wide range of intermediates and Active Pharmaceutical Ingredients (APIs) with GMP compliance.
