Established in the year 2002, Flexibond has been India's leading ACP manufacturing brand. Keeping innovation at the heart of the company, we have been able to succeed in becoming an organisation that proudly stands on the pillars of hard-earned goodwill. With our avant-garde product line, expert professionals, and transparent values, we have been able to provide quality products that are used for interior & exterior applications like building façade, signage applications, residential as well as commercial furniture, etc.
