Griffins International School, Kharagpur (GIS), is proudly promoted and managed by the Govind Behari Yadav Trust, headquartered in Kharagpur, West Bengal. Founded with a clear vision, GIS aims to foster a culture of learning that sparks curiosity, innovation, and inspiration among its students. Accredited by CBSE, the school offers comprehensive education from Nursery to Grade 12.

At the helm of GIS is Mr. Abishek Yadav, an accomplished chemical engineer from IIT Kharagpur and a dynamic entrepreneur. His aspiration to mold and empower young minds into tomorrow's successful, responsible, and ethical leaders is the driving force behind GIS. Spread over a sprawling 14-acre campus, GIS boasts state-of-the-art infrastructure. The residential facility caters to students from diverse backgrounds, offering them a conducive learning environment.

GIS goes beyond traditional education by providing coaching for competitive examinations such as JEE (Main & Advanced), NEET, CLAT, among others. Embracing a "Safety First" ethos, GIS ensures round-the-clock surveillance through 24-hour CCTV monitoring and equips its school buses with CCTV and cutting-edge GPS systems.

Nestled amidst lush greenery, the GIS campus offers an enriching atmosphere where every child can thrive. From an Art Studio, Swimming pool, Indoor & Outdoor Games, Music Studio, Robotics lab, to an Amphitheatre and Apple education program, GIS provides ample opportunities for holistic development. With its commitment to excellence, GIS is redefining the standards of world-class education, setting a benchmark for the educational landscape of New India.
