Kaushik Engineering is a reputable manufacturer and leading exporter of Construction Equipment, including Road Construction Equipment such as Asphalt Drum Mix Plants or hot mix plants, Mobile Drum Mix Plants, Wet Mix Macadam Plants, Bitumen Pressure Distributor or Bitumen Sprayers, Paver Finisher, and Road Sweepers. We also manufacture Concrete Equipment such as the Concrete Batching Plants.

We place the utmost importance on quality and transparency, which is why we follow the best practices and have zero tolerance to errors. Our in-house testing laboratories include sophisticated testing equipment to assess the quality of the products and ensure they are reliable. We are dedicated to providing accurate solutions to all the needs of our customers pertaining to construction equipment.
