The [Mahatma Gandhi Cancer Hospital](#) in Visakhapatnam provides the best cancer treatment by combining comprehensive medical concepts. Make an appointment with us..Mahatma Gandhi Cancer Hospital & Research Institute is a well-established center of excellence for comprehensive cancer care and prevention. Being one of the best cancer institutes in Vizag, it provides seamless cancer care under one roof through services like diagnostics and state-of-the-art therapies that include surgery, chemotherapy, radiotherapy, and symptom management to meet the needs of oncology patients. It promises a patient-centered approach to curing, improving the quality of life, and restoring hope. We offer compassionate care and a comfortable and friendly environment tailored to suit the needs of all cancer patients.

The city of Visakhapatnam, located in the south Indian state of Andhra Pradesh, houses one of India's most renowned cancer hospitals – the Mahatma Gandhi Cancer Hospital. As one of the only two cancer hospitals in the state, it offers comprehensive cancer care, counseling, and support services to citizens of Visakhapatnam. The hospital was established in 2005, and provides both inpatient and outpatient treatments for medical oncology, surgical oncology, radiation oncology and other related cancers.

Mahatma Gandhi Cancer Hospital has world-class infrastructure and

technology for the diagnosis, treatment and management of cancer cases. It has a total of 268 beds in the inpatient department, including 202 beds for cancer patients and 66 beds for bone marrow transplant patients. Further, it is equipped with 11 surgery theaters, five recovery rooms and intensive care units for Medical and Surgical Oncology, Radiation Oncology, Gynae Oncology and Radiotherapy.
