Screen Fixer Institute is a professional mobile repairing training institute located in New Delhi. We specialize in practical, industry-oriented training programs for students, technicians, and entrepreneurs who want to build a successful career in mobile repairing.

Our courses include Mobile Hardware Repairing, iPhone Repairing, Mobile Display Repairing, COF IC Repair, Motherboard Repair, Track Repair, Line Repair, Edge Glass Repair, Fold & Flip Display Repair, and Chip-Level Diagnosis. Students learn through live practical sessions using professional repair tools and real smartphones under the guidance of experienced trainers.

Whether you are a beginner or an experienced technician looking to upgrade your skills, our training programs are designed to provide hands-on experience and technical knowledge that can be applied in real-world repair environments.
