Founded in 2019, Secuodsoft is a trusted IT services and solutions provider committed to helping businesses embrace digital transformation. The company offers a wide range of services including custom software development, AI & machine learning, cybersecurity, cloud services, and enterprise IT consulting. Alongside these services, Secuodsoft has developed powerful products like TCubeMail for enterprise communication, DatQueue for optimized data management, and an AI-driven Face Recognition Attendance System for secure and efficient workforce tracking. With innovation, reliability, and security at its core, Secuodsoft empowers organizations to achieve growth and operational excellence.
