Write a breif intro about secuodsoft in 300 words related to its services, founded date, location and certification

Secuodsoft Technologies Private Limited, founded on November 26, 2019, and headquartered in Bhubaneswar, Odisha, India, is a CMMI Level 3 certified IT firm delivering secure, scalable digital solutions. With 51-200 experts, it specializes in custom software development, web and mobile apps (React Native, Flutter), AI/ML integrations, cybersecurity, cloud services (AWS/Azure), blockchain, IoT, UI/UX design, and QA testing.

The company offers innovative products like HRMS (with face recognition attendance, payroll compliance for PF/ESI/TDS), Groupware Email Solution, and DatQueue Management, alongside agile-driven services for e-commerce, fintech, healthcare, and logistics. Clients benefit from 40-60% cost savings, 50% faster delivery, and modern stacks like React.js, Node.js, Python/Django, and MongoDB/PostgreSQL.
