Shri Krishna Stone Company is a trusted manufacturer and supplier of high-quality sandstone products based in Dausa, Rajasthan, India. Founded by Mukesh Kumar Saini, the company is known for its expertise in crafting sandstone temples for homes, stone carvings, garden gazebos, stone cladding, pillars, jali work, and customized architectural stone products.

We specialize in using premium Bansi Paharpur and Dholpur sandstone, which is widely appreciated for its strength, durability, and natural elegance. Our skilled artisans combine traditional craftsmanship with modern techniques to create beautiful and long-lasting stone temples and decorative structures suitable for residential, commercial, and religious projects.

Shri Krishna Stone Company provides complete solutions from design and manufacturing to safe packaging and All India delivery. Every product is carefully handcrafted with attention to fine detailing, ensuring timeless beauty and superior quality.

With years of experience in the stone industry, we are committed to delivering customized solutions, reliable service, and authentic natural

stone products that enhance the spiritual and architectural value of every space.
