[Sparkle The Dental Clinic is in Kalyani Nagar](#), Pune, serving patients since 2001. Dr. Manoj Nair and Dr. Shilpa Nair lead a team that handles everything from routine check-ups to dental implants, root canal treatment, cosmetic dentistry, and full mouth rehabilitation. Patients from Koregaon Park, Chandan Nagar, and Wadgaon Sheri visit regularly for both general and specialist care. The clinic was among Pune's first to use individually sterilised instruments and join the Biomedical Waste Disposal Program - hygiene is built into every appointment. Whether you need a simple cleaning or a complete smile makeover, the team explains every step and every cost before treatment begins.
