When it comes to diagnosing and treating lung and respiratory disorders, consulting an experienced [pulmonologist in Guntur](#) ensures accurate care and timely recovery. Pulmonologists play a vital role in managing conditions such as asthma, chronic obstructive pulmonary disease (COPD), pneumonia, interstitial lung disease, and respiratory infections. They also provide specialized interventions for patients requiring ventilatory support or long-term management of breathing difficulties. At Sree Sankalpa Multispeciality Hospital, patients benefit from modern diagnostic tools, advanced treatment facilities, and a multidisciplinary approach that ensures complete care for respiratory health.

Dr. A. Balasree Sowmya, an accomplished pulmonology specialist in Guntur, is known for her expertise in evaluating complex respiratory conditions and providing tailored treatment plans. With a patient-first approach, she focuses on both medical and lifestyle management to ensure long-term relief and improved lung function. Whether it's

persistent cough, unexplained breathlessness, or recurring respiratory infections, patients receive personalized care that blends clinical precision with compassionate support.

Pulmonology services at Sree Sankalpa Multispeciality Hospital include:

Asthma and allergy management
COPD diagnosis and treatment
Pulmonary function testing (PFT)
Sleep apnea diagnosis and management
Bronchoscopy and advanced respiratory procedures
Post-COVID lung care
