**Tapp.ai** is an innovative online learning platform based in Noida, India, founded in 2024. It specializes in delivering personalized [Online coding learning program](#), project-based coding education designed to prepare learners for successful careers in the tech industry. With a focus on practical, real-world experience, Tapp.ai offers programs that mirror professional software development environments, enabling students to build robust portfolios and gain industry-relevant skills.

### Top Features:

- **Hands-On, Project-Based Learning:** Students engage in building real-world applications, such as e-commerce websites and mobile apps, to develop practical skills.
- **Personalized Mentorship:** Learners receive one-on-one guidance from experienced developers, ensuring tailored support throughout their educational journey.
- **Live Sessions and Flexible Scheduling:** Tapp.ai provides live

classes and the flexibility to schedule sessions, accommodating diverse learning paces and lifestyles.

- **Career-Focused Curriculum:** The platform emphasizes industry-ready content, including resume building, LinkedIn optimization, and mock interviews, to enhance employability.
- **Community Engagement:** An active Discord community fosters collaboration, networking, and continuous learning among peers and mentors.
