Teknoflow Green Equipment Pvt. Ltd. is a leading Indian engineering firm headquartered in Nashik, specializing in design and fabrication of industrial equipment for sectors such as energy, oil & gas, mining, water treatment, and HVAC. The company offers a wide range of static process equipment including ASME-coded pressure vessels, shell-and-tube heat exchangers, air-receiver tanks, process columns, silencers, ventilation systems, skid-mounted assemblies and more.

With a modern 50,000 sq.ft. fabrication facility, advanced welding and testing capabilities, and global-standard quality control, Teknoflow delivers custom-engineered, high-performance solutions with reliable delivery worldwide.
