"Teryair is a specialist manufacturer and exporter of marine and industrial equipment, including AODD pumps (air operated diaphragm pumps), air diaphragm pumps, PTFE diaphragm pumps, and pneumatic vane motors, along with air motors. The company supports shipping, ports, and various industrial sectors with a strong focus on reliable engineering and solid build quality. Based in India, Teryair supplies its products to global markets such as Germany, Italy, Denmark, and Netherlands. Every solution is designed with safety, durability, and practical use in mind, making teryair a dependable choice for long-term operations worldwide.
