The Cavalier is a reputable defence academy in India, which trains students to go to NDA, CDS, AFCAT, and SSB interviews. The academy over the years has been leading young aspirants who have a dream of being a part of the Indian Armed Forces and to serve the nation with pride.

At the Cavalier, students are fully prepared in written exam and even [SSB interview training](#). The institute emphasizes on good academic education as well as personality growth. There is a special focus on the communication skills, building confidence, leadership qualities and officer-like qualities. Students are assisted through experienced mentors such as retired defence officers and trained members of faculty at all levels of their program.

The academy has a strict and systematic training program. Frequent classes, group discussion, mock tests and practice interviews make the students know the actual pattern of the exam. Physical fitness instructions and outdoor activities, as well, are advised to make the candidates fit to overcome SSB challenges.

The Cavalier also informs the students about the medical standards, the selection process and the entire recruitment process. This assists aspirants remain in full preparation and not be confused on various selection stages.

The primary objective of The Cavalier is straightforward, the transformation of a confident, responsible and determined candidate into the future officer of the Army, Navy and Air Force.

The academy assists students to make their dreams in the defence career a reality with the help of proper guidance and a focused environment.
