The Upthrust is one of the renowned [game development and digital marketing training institutes](#) in Central India, with a strong presence in Indore (M.P.). At The Upthrust, with over 11 years of training experience in Digital Marketing and Game Development, we've identified a notable gap in how knowledge is conveyed to students. In response, we have introduced an innovative approach to course content, ensuring a more effective and engaging learning experience. Our game development training program includes a variety of courses, including 2D game development, 2D + 3D game development, and AR & VR game development, whereas the digital marketing training program consists of certification in digital marketing, social media marketing (SMM), search engine optimization (SEO), & Google Adwords.
