Urvara Fertility Centre stands as the [best IVF center in Lucknow](#), renowned for its excellence in treating infertility. Known for using advanced assisted reproductive techniques (ART), the center offers a comprehensive range of treatments such as IVF, IUI, ICSI, and other personalized solutions. Their approach is centered on tailored care plans and expert healthcare guidance, ensuring that each couple receives the best possible treatment and support on their journey to parenthood. Led by Dr. Richa Singh, Urvara Fertility Centre is committed to delivering top-quality fertility care that helps couples realize their dreams of having a child.

### Key Treatments Offered:

**In Vitro Fertilization (IVF):** In [IVF procedure](#), eggs are fertilized with sperm in a lab, and the resulting embryo is transferred to the uterus.

**Intrauterine Insemination (IUI):** Ideal for couples with unexplained infertility, the [IUI treatment](#) involves placing sperm directly into the uterus during ovulation to enhance the chances of conception.

**Intracytoplasmic Sperm Injection (ICSI):** A single sperm is injected directly into an egg, followed by embryo transfer to the uterus.

**Egg Freezing:** Women have the option to freeze their eggs for future use, providing flexibility in planning their fertility treatments.

**Male Infertility Treatments (TESA/TESE):** These procedures are used to retrieve sperm directly from the testicles in cases where ejaculation is not possible.

**Genetic Testing (PGS/PGD):** These tests screen embryos for genetic conditions or chromosomal abnormalities before implantation.

In addition to these treatments, Urvara offers services such as infertility counseling, blastocyst transfer, EmbryoGlue, donor programs, and more. With a commitment to combining compassionate care with state-of-the-art technology, the center is dedicated to supporting every couple's journey to parenthood.
