Zivo AI Solutions is a leading Digital Marketing Training Institute based on AI in Janak puri, Delhi. We achieve this by providing business owners and working professionals with AI solutions and automation to ease marketing, making it more effective. Our mission is to transform digital marketing to be smarter, faster and more results-based.

Our range of courses is specialty based to suit the various needs. Training our AI Agent provides you with the knowledge of using AI in customer interactions and marketing activities. The n8n Automation Training is a course centered on the coding-free creation of automated workflow to save time and less manual labor. We have also offered AI Automation Courses that demonstrate how to implement AI technologies to enhance marketing and business development.

Learning at Zivo AI Solutions is applied. We use real life business so that you can train and put your skills into practice right away. You are a professional seeking an upgrade, or a business owner seeking to ease the growth process, our courses provide the power and belief to achieve.

When you become a part of Zivo AI Solutions, you will learn how to conquer the future of marketing with the help of AI and no-code automation. We make you become smarter, faster and more digital.
